Learning Outcomes

On successful completion of this module, a student will be able to:

1. Spoken Production and Interaction.
2. The learner is expected to be able to: initiate, maintain and close simple face to face conversations on topics that are familiar and of personal interest; relate the plot of a book or film and describe his / her reactions; give or seek personal views and opinions in discussing topics of interest; deal with most transactions likely to arise whilst travelling and cope with less routine.
3. situations in shops, post offices, banks, hospitals.
4. Writing
5. The learner is expected to be able to: write straightforward detailed descriptions on a range of familiar subjects within his / her field of interest; produce letters (of a pen-pal nature) recounting details of personal activities and feelings.
6. Listening
7. The learner is expected to be able to: understand straightforward factual information about common everyday or job-related topics, identifying both general messages and specific details, provided speech is clearly articulated in a generally familiar accent; catch the main points in TV programmes/films on familiar topics when the delivery is relatively slow and clear.
8. Reading
9. The learner is expected to be able to: comprehend unfamiliar words from the context on topics related to his / her field and interests; recognise significant points in straightforward newspaper articles on familiar subjects.
10. Intercultural Competence
11. The learner is expected to understand the reasons for the different values, beliefs and practices of the other culture.

Learning and Teaching Methods

- Interactive seminars will be the main teaching approach. A variety of media will be used in the teaching process (traditional print materials, audio and video material, CALL programmes and online language learning resources). The course will be characterised by a high level of student participation in
- both classroom activities and self-directed learning activities outside the classroom.
